FRONT VIEW OF THE SAN FERNANDO CATHEDRAL, SAN ANTONIO, TEXAS

FRONT VIEW OF THE SAN FERNANDO CATHEDRAL, SAN ANTONIO, TEXAS

San Fernando Cathedral was named after Prince Ferdinand, the second son of King Philip V, during whose reign and under whose patronage the old historic church was built in 1738. Thus the ancient Cathedral bears to this day the title of "Royal Chapel of San Fernando." The Cathedral parish was first organized when the City of San Antonio was founded in 1731.
